MISSIONARY TO NIGERIA

September 2018 Update

CELEBRATION OF GOD'S FAITHFULNESS

Hearty greetings from your co-laborers at Grace Beyond Borders International Nigeria Field. It gives us great joy to know that we are all missionaries and equal partners in God's Vineyard. Our supporters are on the same footing with those of us on the front lines. By supporting those on the field, you are a full-time missionary with GBBI. By divine-design, some are on the support-line and others are on the frontline. No one is left out of the action.

You can agree with me that that these are changing times. Wouldn't you agree? There is no safe haven. Every corner could have a hidden bomb waiting to explode. Every town square, hotel, mall, airport, and airplane is a potential target for terrorists. Are we surprised? No, we shouldn't be. This is a fallen world. On the bright side, Jesus Christ is the Lord of history. Have you ever asked, "Father-God, why is the world in an explosive mode?" If you have, His answer would likely be: Haven't you read My Word?

The above scenario describes our situation here in Nigeria and other African countries. There is religious tension between Muslims and Christians and these have resulted in violence, killings, maiming and destruction of properties and even including farmland by the Muslim extremists and fanatics. We, the Christians, are ALWAYS at the receiving end. There are almost 200 million people in Nigeria, the largest country in Africa. Northern part is Muslim -- Boko Haram, Fulani herdsmen, jihadists, etc. The southern half is mostly Pentecostal. No grace churches anywhere.

When one looks at the tide of our fast changing time, one can see that people of our time are experiencing an unprecedented soul-vacuum. Soul-vacuum or emptiness gives birth to restlessness, hopelessness and apathy; these

three are an explosive combination for self-destruction. The gospel of peace" (Eph. 6:15) is the only solution for solving man's problem of restlessness. This is the divine solution. Bringing a message of peace and of hope is where GBBI and its partners are focused. And I am very grateful that God placed me in this mission field and I am grateful for His grace and protection.

As you travel with us through your prayers, words and notes of encouragements and your financial support, may the God of infinite grace richly bless you.

Working together in His mission field.

Pastor Emmanuel Orakaaga is a long time friend of mine. He accepted Grace and Rightly Dividing and he is one of my strongest grace people in Nigeria. I will recommend him as a Grace Worker. He is overseen a grace study group that I started some years back in his town.
